DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Applicants have not provided any numerical values for the variable, (n) in the Ti-superoxide catalyst of formula (1), depicted in claim 1. As such, it is unclear what compounds are encompassed by the catalyst of formula (1). Claims 2-13 depend from claim 1, but do not lend any clarity to the issue, and therefore are likewise rejected.

Allowable Subject Matter

Claims 1-13 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.

The closest prior art of record fails to teach or fairly suggest a process for the oxidation of phenols to the corresponding benzoquinone and/or hydroquinone, using a titanium-superoxide catalyst, as claimed herein.
